CLINICAL & BEHAVIORAL HEALTH SERVICES

Through individualized treatment approaches and evidence-based practice, JESPY's Clinical & Behavioral Health staff helps our clients with Intellectual & Developmental Disabilities feel confident in knowing that their treatment is our top priority.

✔ **INDIVIDUAL ASSESSMENTS** – Thorough intake assessments are conducted on every new client to obtain an accurate picture of one's emotional and psychological state.

✔ **SHORT OR LONG-TERM COUNSELING** – Long-term therapies focus on helping individuals understand how their past experiences affect them today and short-term counseling focuses on present issues and solutions.

✔ **CRISIS & BEHAVIORAL INTERVENTION** – The JESPY Mental and Behavioral Health Clinic offers Crisis and Behavioral Intervention to help clients deal with emotional occurrences. Clients are also provided with a range of interventions to assist with adapting to environments, changing communication, etc.

✔ **FAMILY/COUPLES COUNSELING** – JESPY offers the full range of couples and family counseling to improve relationships between partners, children and/or other family members.

✔ **MEDICATION MANAGEMENT** – JESPY has board-certified psychiatrists who can prescribe psychotropic medications and oversee the provision of medical monitoring related to the use of psychotropic medications.

COUNSELING BENEFITS

Participating in counseling provides an opportunity for self-development in a number of areas. Counseling can decrease depression and anxiety; lead to healthier relationships; improve social skills; increase self-confidence and insight; and develop coping skills, healthier interpersonal relationships, and more adaptive behavioral skills.
